

Dear Valleys Ambassadors,

## #TalkValleys

The Minister for Lifelong Learning, the Cabinet Secretary for Economy and the Minister for Skills, have joined together, with a group of expert advisors, to develop a fresh approach to delivering real change in the valleys.

This taskforce will build upon work previously undertaken in a more coordinated and targeted way which will meet the needs of our valley communities.

One of the elements of our engagement programme was where the Ministers were going out to meet, discuss and listen to people within different valley communities. Unfortunately due to the local and general elections the Ministers are unable to continue with these meetings during pre election periods.

Can you help? As ambassadors in the south Wales valleys, could you help us engage with your local communities?

We're seeking people's views, comments and priorities for their communities. With this information the taskforce can look at how best to support them in the future.

You know how best to engage with your community but here are a few ideas and tools to help:

- Use facebook to share the [Talk Valleys Facebook](#) page to people and organisations within your community
- Use all types of social media to share the [online survey](#) and the [mailbox](#) for comments
- Visit community groups to get them involved and feed back any views or get them involved in the online survey and emailing comments to the mailbox.

If you need any further background information then please visit [WG Website](#)

I'm sure you have many other ideas so please let me know as we want to engage with as many people from the south Wales valleys as possible.

Hope you can help

Diolch

Dawn
